

CELEBRATE OUR 1ST BIRTHDAY WITH US!

Imagine the power of local voices uniting under one roof, bringing together diverse communities in a way that transcends language, culture, and background.

Imagine a local Live Aid, this event would be a celebration of unity, where families, schools, faith groups, charities, and businesses join forces to create something truly unforgettable.

Together, we learn & sing a song that represents the beauty of collaboration, blending harmonies in multiple languages and even sign language, symbolizing inclusion and connection.

It's not just about the music—it's about building bridges, fostering understanding, and creating memories that echo far beyond the event.

This is a chance for our community to stand together, lifting voices and spirits as one, celebrating what makes us unique and what binds us all.

CONNECTING COMMUNITIES

We ask you to not shy away from the enormity of the challenges we face, and join us instead, to re-frame them into a collective transition where possibility blooms from boredom, apathy and exhaustion.

Help us transform through the same muscles of the YAWN as the muscles for SONG into something that connects us always through OUR muscles of CHOICE.
